

Summit 3.0

Thriving in the New World Order

22 - 24 Feb 2022

Overview

Committed to accelerate the Digital India mission and responding to the call for Atmanirbhar Bharat to enhance the global competitiveness of Indian industries, Centre for Digital Transformation (CDT) is hosting the DX Summit 3.0 from 22nd – 24th February 2022, which would witness deliberations on the most promising digital trends across the industry sectors and share the learnings which could be leveraged and scaled up. The Theme of DX Summit 3.0 is Thriving in the New World Order.

Year 2021 will go down in the history of India as the 75th year of our independence and also the year where India has demonstrated an unrivalled resilience, capability & capacity to take on this once-in-a-lifetime COVID pandemic, over the last 21 months and emerge from it as a stronger, more confident nation. The single most important dimension contributing to this incredible resilience has been “Digital”.

DX Summit 3.0 would focus on inspirational digital growth story of sectors that have leveraged digital such as Pharma Healthcare & Life Sciences, Automotive, Infrastructure which is instrumental in propelling the economy. Each of the days at the Summit will witness Plenary Sessions , fire side chat with experts, discussion with MSME members and all relevant stakeholders of the particular sector. The deliberations will also focus on building resilient global supply chains and the need for gearing up to the challenges of Cyber Security which is an imperative for the sector to survive in the New World Order.

This unique 3 day programme of DX Summit 3.0 will feature participation from industry leaders, Govt dignitaries, technology experts, academicians and solution providers - all coming together on a single platform to discuss and share valuable insights on leveraging the benefits of Digital Transformation across various domains.

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes.

CII is a non-government, not-for-profit, industry-led and industry-managed organization, playing a proactive role in India's development process. Founded in 1895, India's premier business association has around 9000 members, from the private as well as public sectors, including SMEs and MNCs, and an indirect membership of over 300,000 enterprises from around 276 national and regional sectoral industry bodies.

CII charts change by working closely with Government on policy issues, interfacing with thought leaders, and enhancing efficiency, competitiveness and business opportunities for industry through a range of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues.

With 66 offices, including 10 Centres of Excellence, in India, and 11 overseas offices in Australia, China, Egypt, France, Germany, Indonesia, Singapore, South Africa, UAE, UK, and USA, as well as institutional partnerships with 355 counterpart organizations in 126 countries, CII serves as a reference point for Indian industry and the international business community.
