

FEB 2020

FIFTH EDITION

FROM THE DESK

SUMEET WALIA
Chairman,
CII-Tata
Communications
Centre of Digital
Transformation

Dear Fellow Digital Crusaders,

It seems yesterday when we were beginning to understand and adopt digital technologies in our organisations. Yet, a decade of massive digital transformation has gone by swiftly with organisations having undergone paradigm shifts.

Taking our combined efforts under the aegis of the CII-Tata Communications CDT to the next level, we recently organised our flagship event, the DX Awards & Summit. The awards celebrated the successful journeys of Digital Transformation across areas like customer experience, employee engagement, production, service, finance, supply chain, CSR and others. The objective was to recognize, benchmark & showcase best practices in Digital Transformation.

This edition of the newsletter gives an overview of the summit and awards with the awardees duly mentioned. Details of their entries are available for a deep dive which we encourage all of you to do. It also has an overview of the summit and the 5th GC Meet of the CII-CDT.

We had the ET Now channel help us cover the entire event and take exclusive bytes on digital transformation from Aadesh Goel- Chief of the Jury, Vijay Thadani - MD and Founder, NIIT, R Venkatadri - Chief Innovation & Digital Officer, Tata Chemicals and Jaspreet Bindra - Former CDO, Mahindra & Mahindra. We were also delighted to get bytes from Government Officials Ajay Prakash Sawhney and Debjani Ghosh in the video. This was aired on the ET Now channel on the 25th of January and is also uploaded on our Youtube channel, the link to which is given below. Do watch it to get all the exclusive bytes and glimpses of the 2-day event if you missed it.

Happy Reading! Happy Learning!
